

## **AMENDED NOTICE REGARDING POLICIES IN RESPONSE TO COVID-19**

Effective May 8, 2020, the Oakfabco Liquidating Trust (the “Trust”) has adopted the following policies. These policies DO NOT apply to any Release form and all signature requirements for any Release are unchanged by these policies.

1. Subject to further review, the policies set forth below apply to, and shall remain in effect for the period commencing on May 8, 2020 and extending the signature policies for the duration of the claiming process (the “Effective Period”).
2. Provided that a claimant’s law firm has entered into an electronic filer agreement with the Trust and the Trust’s claims processor, Verus Claims Services LLC (“Verus”), any claim documents submitted to Verus that require a signature may be executed by electronic signature through DocuSign. Law firms shall maintain the audit trail for all electronic signatures.
3. If an affidavit submitted to the Trust requires authentication by a notary during the Effective Period, the Trust waives the requirement of notarization. In place of notarization, the Trust will require that (i) the affidavit explicitly state that it is made under penalty of perjury in the format prescribed under applicable state law for such unsworn declarations or, if not authorized by state law, in the format prescribed by 28 U.S.C. § 1746, and (ii) the affidavit must also be executed by two witnesses, each of whom may be a family member.
4. If, due to restrictions relating to the COVID-19 pandemic, a claimant who is required to obtain two witness signatures is unable to do so, the Trust will accept a document, executed by a single witness, who may be a family member, so long as it is accompanied by an attorney declaration (in the form found on the Trust’s website) confirming that, due to the COVID-19 pandemic, the claimant is unable to obtain two witness signatures.
